PROFESSIONAL SUMMARY

Mobile Developer with **3+ years of hands-on study and practice** and a **published app on the store**, specializing in **React Native and TypeScript**. Certified by **Harvard University (CS50)**, with additional expertise in modern web development using React.js and Next.js. Collaborative, fast-learning, and deeply focused on clean code, performance, and user-centered product quality.

PROFESSIONAL EXPERIENCE

Mobile Developer — React Native

Dec 2025 – Apr 2026 · 5 months

Pixel Logic Apps · Full-time · Remote

- Engineered mobile applications from scratch using **React Native with Expo**, owning the full product lifecycle from initial concept to app store publication.
- Integrated **RESTful APIs** with comprehensive error handling and performant state management via **TanStack Query**, ensuring consistent data delivery.
- Translated **Figma designs** into pixel-perfect, responsive interfaces with strong UI/UX standards and production-ready quality.
- Drove continuous product improvement through componentization, refactoring, bug fixing, and iterative feature development in a fully remote environment.

Freelance Web Developer

2024 – 2025

Self-employed · Remote

- Designed and developed responsive websites for small businesses, contributing to client-reported conversion rate increases of **up to 45%**.
- Delivered high-converting landing pages optimized for lead generation, helping clients achieve **up to 35% growth** in qualified lead acquisition.
- Built a complete website for **Diego Protético** (diegoprotetico.vercel.app) — featuring service sections, testimonials, and WhatsApp integration.

CORE COMPETENCIES

Full App Lifecycle

Concept → Development → Store Release

API Integration

REST, error handling, state management

Performance Optimization

UI rendering, debugging, code efficiency

Web Development

React.js, Next.js, responsive & accessible design
